About Gladiator Legends

The Gladiator Legends Slot Game RTP is 96.31 percent, with a Hit Frequency of 26.71 percent. Gladiator Legends Game is a highly volatile slot which means that there could be stretches without wins but gives way for possible large wins. As you play Gladiator Legends slot, you will notice it is designed with horrific graphics that properly depict the theme's harshness. Five low-value 10-A card royals and five bloodied war instruments make up the pay symbols. When five identical symbols appear on a payline, the payment is 0.5-1 times the stake if the payline is made up of low pays, or 5-30x the wager if the payline is made up of high pays. Growling lion wilds can appear on any reel and replace any symbol, high or low paying. If five wilds appear on a line, they are also worth 30 times the stake. One of the highlights is the Bear Bonus. This feature can be triggered by landing three bear Scatters in a row. This will earn you three respins which will be reset each time a VS symbol appears on the reels. At the start of the game, reels 1, 2, 4, and 5 are unlocked, while reel 3 is chained. To break the chains, you'll need to land VS symbols on the other four reels.
