IGT (International Game Technology) Slots

They don't really come any bigger than IGT. International Game Technology boasts around half the slot 2 machines in US casinos, and their online output is impressive enough to suggest the developer isn't just a land-based player. 2 In fact, there are few slots manufacturers around today that have so completely cornered both live and online markets.

The slots 2 world was shocked by the firm's takeover by GTECH in 2014 but it did nothing to change the reputation of 2 a firm that's undergone many alterations and takeovers but has remained a major player across the world.

From popular land-based slots 2 (some times called Vegas Slots) to the biggest progressives around, and online slots that keep the welcome bonus hunter occupied, 2 things don't look like slowing down anytime soon for IGT.

About IGT

IGT started out life as A-1 Supply, developing video poker 2 and blackjack games, and slot machines. Founder William "Si" Redd changed the name to SIRCOMA (an abbreviation of Si Redd 2 Coin Machines) and went public as International Game Technology in 1981.

Incredibly, sales of the firm's machines rose from a few 2 million bucks in 1975 to overR\$60 million just seven years later, IGT boasting about 90 percent of the video gaming 2 market in Nevada.

It wasn't until 1986 that IGT's technological revolutions sent the company into the stratosphere.

The firm developed the Player's 2 Edge Video Poker machine as well as one of the first microprocessor-operated machines - the S-Slot - while also investing 2 in lottery ticket terminals in some US states.

By the late 1980s, IGT controlled the market share and celebrated its position 2 by introducing the Megacbucks slot machine in 1987. The world's first progressive jackpot slot allowed players to connect across networks 2 and multiple casinos to create some truly 'mega' jackpot prizes.

In the late 1990s, IGT focused its attentions on the British 2 market with a buyout of Barcrest Gaming, in one fell swoop snapping up the giant of the UK fruit machine 2 market.

The 2005 acquisition of WagerWorks provided IGT with the platform it needed for the growing online slots market. It enabled 2 the US player to bring a lot of its popular land-based slots to the online casino world.

But amid an era 2 of takeovers and mergers, it was the giant's acquisition by Italian tech firm GTECH in 2014 that really caught the 2 attention. The sale went through forR\$6.4 billion (made up ofR\$4.7 billion cash andR\$1.7 billion of debt).

Free to Play IGT Slot 2 Machine Games IGT Slot Machine Reviews (No Free Games) Popular IGT Slots

Let's get down to the business; when it comes to some 2 of the most popular slot machines around, IGT titles are up there.

Wheel of Fortune, and its many variants and upgrades, 2 features a real-life spinning wheel atop the slot machine which is triggered by lining up special symbols on the reels.

Taking 2 the 'wheel' bonus to another level, however, is the big-brand video slot based on the hit Hollywood film, Sherlock Holmes.

Featuring 2 five reels and 30 paylines, actual characters and video footage from the Guy Ritchie-directed film accompanies the play. The wheel 2 spin bonus awards progressive jackpots galore and R\$1 million payouts are not uncommon.

Enjoyed in land-based casinos the world over, as well 2 as the best online casino sites, Cleopatra is the Egyptian-themed slot to end all Egyptian-themed slots (sorry, Book of Ra).

Five 2 Cleopatra symbols on a payline triggers a 10,000-line bet jackpot, while a free spins bonus awards 15x multiplier.

Da Vinci Diamonds, 2 meanwhile, is the online slot that casinos never tire of using to attract new real-cash depositors. The game features IGT's 2 trademark 'Tumbling Reels' where winning combinations disappear to allow symbols above to fall into their place. In both land-based and 2 online casinos, the Da Vinci Diamonds Dual Play format features two game screens where symbols 'tumble thru' the top set 2 of reels onto the bottom one.

Elsewhere, IGT's Multiway Xtra range of slots like Siberian Storm offer something different - and 2 72- possible paylines - but newer slots like Bubble Craze have tapped into a desire from slots players to see 2 something a bit different in the lobby.

One of a new breed of arcade-style slots, Bubble Craze is played over a 2 honeycomb-style set of reels where 'bubbles' rise from the bottom to form connecting paylines.

Progressive Jackpot Games

Where do you start but 2 with Megabucks? Developed in the 1980s as the first progressive jackpot 'wide area' slot machine to carry a R\$1 million jackpot, 2 it quickly became popular with slots players across the US.

The game has been responsible for some ridiculously big winners, but 2 perhaps none bigger than the software engineer who bagged a R\$39 million jackpot in 2003 playing at the Excalibur casino in 2 Las Vegas.

Other IGT Games

IGT is just about slots. In 1997 the firm introduced its 'MegaSports' system that allowed sports bettors 2 to gamble on sports in Vegas more efficiently. At the same time, it devised computerised systems to keep track of 2 gambling activity on every game in a casino and award personalized bonuses to players - a first.

In 2000 IGT brought 2 out its millionth machine and developed the innovative 'MultiPLAY' machine which allowed players in casinos to play up to four 2 video slots at the same time.

More recently, IGT has attempted a move into the social gaming market with its DoubleDown 2 Casino app. The social casino, available through Facebook, boasts over six million players and features some of the developer's most 2 popular slots like Siberian Storm and Cleopatra. Video poker, blackjack and roulette are also available as part of the Player's 2 Suite.
