The rules

The rules of the game are simple; you place your bets on the table using the chips to the lower right of your screen. When you are happy with those bets you set the wheel in motion by pressing the spin button. You don't have time limits with this game, you play at your own pace. The wheel will spin and a ball will be thrown onto the wheel. When the ball stops, that number will become the winning bet. If you have won, all bets will be paid instantly. You will find 37 pockets to this European roulette wheel – a single zero and numbers 1 to 36. The betting table offers usual bets and is simple to navigate. To the top of the table you will find the racetrack of bets allowing for additional chances to win with Serie 5/8, Orphelins, Serie 0/2/3 and Voisins du Zero.

Game differences

The additional betting options and spin features are what makes Roulette Advanced different to other versions. Your table and wheel are set out to take up the whole screen. The same bet button allows you to place the same bets again without having to click and place the chips again. Quick spin is perfect for players who like to play things fast and furious. To the left of the screen is a little box that offers special bets, hot and cold numbers, ball history and a close-up view of the wheel. Special bets offered are; red splits, black splits, Orphelin Plein, Finale Plein 0, Finale Plein 1 and Finale Plein 2.

Limited edge

The house edge with Roulette Advanced is 2.70%. Betting limits are 1.00 minimum and 500.00 max but when you come to place straight up bets (a single number) it will be capped at 10.00.

Our verdict

We love Roulette Advanced from NetEnt

because it allows you to play at your own pace and the additional betting options offered make things more interesting. The table limits are capped at 500.00 – which is quite small in comparison to other roulette games, but that takes nothing away from the design and ease of playing.

Although roulette is a game of chance, you can win big money by playing high-risk, single number bets which pay out better than group or combination bets. Single pockets pay out 35:1 for example, so you can get a decent prize if your single number comes up as the winner.
